

Solution Code - React - CSS_Module_Cohort_Dashboard

Below is the complete functional source code implementation for this assignment. All logic, validation rules, and structural requirements have been satisfied.

Source File: src\App.js

```
1 | import React from 'react';
2 | import styles from './styles.module.css';
3 |
4 | export default function App() {
5 |   return (
6 |     <div className={styles.container}>
7 |       <h2 className={styles.title}>Cohort Details</h2>
8 |       <p className={styles.text}>Java Developer Cohort - 45 Students</p>
9 |     </div>
10 |   );
11 | }
```

Source File: src\styles.module.css

```
1 | .container {
2 |   padding: 20px;
3 |   background-color: #f3f4f6;
4 |   border-radius: 8px;
5 | }
6 | .title {
7 |   color: #1e3a8a;
8 | }
9 | .text {
10 |   font-size: 16px;
11 | }
```
